

Get More Value from your FREE Fiber Homes Pro Account!

1. PROFILE

Keep your profile current with your headshot, brokerage, and contact information. That way, your Broadband Property Reports will be automatically branded for you! It's a custom touch that will impress your clients.

2. BROADBAND PROPERTY REPORTS

Include a Broadband Property Report in all of your disclosures! To run a report, simply search the address in your Fiber Homes account as a buying or listing agent and click FULL REPORT. You can then download it or share it digitally.

3. MOBILE ACCESS

Save FiberHomes.com as a shortcut on your phone or tablet's home screen. Having the shortcut makes it look and work just like an app. It saves time and makes it easier for you to access Broadband Property Reports on the go.

4. BUYERS AGENT HANDOUT

In addition to the Broadband Property Report, you can convey the importance of fiber internet with your clients by including this one-page informational handout in your Buyers Packet.

5. MARKETING MATERIALS

If you are listing a certified Fiber Home, you'll want to leverage that as a major selling point! You can include the "Certified Fiber Home" badge with pictures of your listing. You can even put a yard sign out front, or utilize any of the free listing materials available in your Pro Portal.

Watch this **FREE 30-minute webinar** to learn how to answer your clients' questions about internet.
